

Import of plants and plant products from Third countries
Additional declarations on the phytosanitary certificate
 according to Article 71 (2) of REGULATION (EU) 2016/2031 OF THE EUROPEAN PARLIAMENT OF THE COUNCIL
 of 26 October 2016 on protective measures against pests of plants except wood and wood packing material
 - without prejudice to prohibition of imports -
 The phytosanitary certificate shall specify under the heading ‘Additional Declaration’ which specific requirement is fulfilled,
 whenever allows for several different options for such requirements.
That specification shall include the full wording of the relevant requirement!

CUT FLOWERS AND PARTS OF PLANTS (e.g. leaves, buds, flowers, stems)

genus/species	origin	Citation of Commission Implementing Regulation (EU) 2019/2072 Annex VII or EU-Decision	Text of the citation Commission Implementing Regulation (EU) 2019/2072, Annex VII or EU-Decision	notes and harmful organism
<i>Acer macrophyllum</i> <i>Acer pseudoplatanus</i>	Canada, United Kingdom, United States and Vietnam	32.5 (a) or (b)	. Official statement that: (a) the plants originate in areas known to be free from <i>Phytophthora ramorum</i> (non-EU isolates) Werres, De Cock & Man in 't Veld, established by the national plant protection organisation of the country of origin, in accordance with the relevant International Standards for Phytosanitary Measures. The name of the area shall be mentioned on the phytosanitary certificate, or b)no signs of <i>Phytophthora ramorum</i> (non-EU isolates) Werres, De Cock & Man in 't Veld have been observed on any susceptible plants at the place of production during official inspections, including laboratory testing of any suspicious symptoms carried out since	parts of plants/ <i>Phytophthora ramorum</i>

			the beginning of the last complete cycle of vegetation, and a representative sample of the plants has been inspected before shipment and found free from <i>Phytophthora ramorum</i> (non-EU isolates) Werres, De Cock & Man in 't Veld in these inspections.
