

Import of plants and plant products from Third countries
Additional declarations on the phytosanitary certificate
according to Article 71 (2) of REGULATION (EU) 2016/2031 OF THE EUROPEAN PARLIAMENT OF THE COUNCIL
of 26 October 2016 on protective measures against pests of plants except wood and wood packing material
- without prejudice to prohibition of imports -

The phytosanitary certificate shall specify under the heading ‘Additional Declaration’ which specific requirement is fulfilled,
whenever allows for several different options for such requirements.

That specification shall include the full wording of the relevant requirement!

Others: Plants in tissue culture, live pollen and spores

genus/ species	origin	Citation of Commission Implementing Regulation (EU) 2019/2072, Annex X or EU-Decision	Text of the citation Commission Implementing Regulation (EU) 2019/2072, Annex X or EU-Decision	harmful organism
Plants of <i>Rosa</i> sp. in tissue culture	Canada, India or the United States	Commission Implementing Regulation 2022/1265, Article 5 point 1 (a) or d) The wording of the respective requirement shall be indicated in the phytosanitary certificate under ‘Additional Declaration’ This Regulation shall apply from 1 August 2022 until 31 Juli 2021	1. The specified plants shall only be introduced into the Union territory if they are accompanied by a phytosanitary certificate which includes, under the heading ‘Additional declaration’, an official statement containing one of the following declarations: (a) that the specified plants have been produced in an area free from the specified pest, registered and supervised by the National Plant Protection Organisation of the third country of origin, with the indication of the name of the area under the heading ‘Place of origin’; or (d) in the case of specified plants in tissue culture, which do not originate in an area free from the specified pest, that they have been produced from mother	plants/Rose-rosette-Virus

			plants tested and found free from the specified pest.	
Live pollen and spores of <i>Rosa</i> sp.	Canada, India or the United States	<p>Commission Implementing Regulation 2022/1265, Article 5 point 1 (a) or c) i) and ii)</p> <p>The wording of the respective requirement shall be indicated in the phytosanitary certificate under ‘Additional Declaration’</p> <p>This Regulation shall apply from 1 August 2022 until 31 Juli 2021</p>	<p>1. The specified plants shall only be introduced into the Union territory if they are accompanied by a phytosanitary certificate which includes, under the heading ‘Additional declaration’, an official statement containing one of the following declarations:</p> <p>(a) that the specified plants have been produced in an area free from the specified pest, registered and supervised by the National Plant Protection Organisation of the third country of origin, with the indication of the name of the area under the heading ‘Place of origin’;</p> <p>or</p> <p>(c) in the case of the specified plants, other than plants for planting, that:</p> <p>(i) they have been produced in a place of production where neither symptoms of the specified pest nor of the specified vector have been observed during official inspections, since the start of the last growing season;</p> <p>and</p> <p>(ii) they have been inspected and, in case of presence of the specified vector or symptoms of the specified pest, they have been sampled and tested before introduction in the Union territory, and found, on the basis of those tests, to be free from the specified pest;</p>	plants/Rose-rosette-Virus
